## Bespoke Wedding Packages 2024-25

Every wedding at Stubton Hall is on an exclusive hire basis and tailored to exactly what you want, not what we say you should want. We will sit down with you to plan the details of your event, but the following recommendations will give you some idea of what to expect to pay for a bespoke reception and elegant meal at Stubton Hall. Each package is based on a minimum of 70 guests and includes VAT at 20%. In addition to this per person price, you will need to pay a venue fee and guarantee to take a minimum number of bedrooms, but there won't be any added service fees on your day price and once you commit, these prices are fixed and will not rise unless you change your menus.

### Notes on Guideline Prices

We've arranged and hosted hundreds of weddings, so ask us for advice on suppliers and extras and we would be delighted to suggest interesting ideas to make your day extra special. We also have some great ideas for tailored packages for specific types of weddings.

All of our packages include a choice of our house wines, but you can of course upgrade any or all of your wines. We will invite you to a wine tasting so that you can sample the wines on our list.

As an easy guide to calculating the basic price of a wedding, multiply your chosen package by guest numbers and add on the venue fee. Extras such as cake and flowers (if not in package) and evening buffet can be added on later and in fact choosing these things is part of the fun of planning. Our published prices always include VAT at 20%, linen, tables, and chairs (unless bespoke sizes or quantities are requested), plates and cutlery plus full and exclusive use of Stubton Hall's grounds, terraces, and reception rooms for the duration of your wedding. Should the rate of VAT change, the cost of the wedding will be recalculated with the new amount, but we do not charge for food inflation once you have signed your contract.
