BESPOKE WEDDING PACKAGES 2026-2027

Every wedding at Stubton Hall is exclusive hire and tailored to your choices. We will help you plan the details of your event, but the following guidelines will give you an idea of what to expect to pay for a reception and meal. In addition to this per person price, you will pay a venue fee and guarantee to take a minimum number of bedrooms. Notes on Guideline Prices

We've arranged and hosted hundreds of weddings, so ask us for advice on suppliers and extras and we would be delighted to suggest interesting ideas to make your day extra special. We also have some great ideas for tailored packages for specific types of weddings.

All our packages include a choice of our house wines, but you can of course upgrade any or all of your wines. We will invite you to a wine tasting so that you can sample the wines on our list.

As an easy guide to calculating the basic price of a wedding, multiply your chosen package by guest numbers and add on the venue fee. Extras such as cake and flowers and evening buffet can be added on later and in fact choosing these things is part of the fun of planning. Our published prices always include VAT at 20%, linen, tables, and chairs (unless bespoke sizes or quantities are requested), our plates and cutlery plus full and exclusive use of Stubton Hall's grounds, terraces, and reception rooms for the duration of your wedding. Should the rate of VAT change, the cost of the wedding will be recalculated with the new amount, but we do not charge for food inflation once you have signed your contract.

In all seasons, a two-day wedding may be possible subject to availability with no extra venue fee on the first night, but with a requirement of taking a minimum of 12 bedrooms. In our high season a Friday and Saturday combination is not always available. Please ask us for possible dates.

Minimum Guest Numbers

April to September Fridays & Saturdays and any date between 28-30 December require a minimum of 70 adult guests. You are welcome to have fewer than 70 guests on Fridays and Saturdays during this prime season, but you will need to pay for the minimum number of guests in the package of your choice. Out of this prime season, we encourage smaller weddings with no minimum requirement. For weddings of less than 50 guests, there may be a small additional surcharge for service, but no minimum numbers enforced.

There is never a minimum imposed on evening guests.

Minimum Bedroom Numbers on Wedding Night

April to September - minimum of 20 of our luxurious bedrooms.

October through March - minimum of 15 bedrooms in main house only.

Minimum Bedroom Numbers on the Night Before Wedding

12 bedrooms at all times of the year

Bedroom prices are updated annually.
