*We require a minimum number of bedrooms on the wedding night depending on the season. From May through September there is a minimum of 20 rooms. In April, October and December there is a minimum of 18 rooms. From November through March there is a minimum of 15 rooms. With the exception of the ground floor accessible room and the family rooms, main house bedrooms must always be filled before the south wing bedrooms. At any time of the year, if you fill all bedrooms you will receive a £100 discount on the bridal suite. If your party does not require the minimum number of bedrooms or if any guest does not show up for a reserved room, the bride and groom (or person responsible for paying for the event) will be charged for any unoccupied rooms to the value of the full letting price of the room. Sorry, but we do not allow averaging of our published room prices. Bedroom prices are updated annually.*
